Learning Objectives

At the completion of the conference, participants will be able to:

1. Implement strategies designed to significantly improve positive outcomes for those living with brain injury and neurological conditions in all communities.
2. Describe the epidemiology of brain injury and its resultant impairments, disability, and psychosocial impact.
3. Integrate new developments in science and medicine into practice for brain injury rehabilitation.
4. Utilize multidisciplinary strategies for the management of psychological and behavioral problems common to brain injury including behavior management.
5. Identify neurophysiological mechanisms involved in brain plasticity and their potential application to improving practice and service provision across rehabilitation disciplines.
6. Summarize recent brain injury-related research with corresponding practical application and best practices.
7. Identify clinical management practices, specifically new strategies in behavioral management, prevention, diagnosis, and treatment guidelines.
8. Understand health care delivery trends and their impact on long-term brain injury and neurological conditions management, acute care, and what that can/will mean to your business.
9. Analyze past brain injury and neurological conditions - related interventions and weigh their value in today's world-what is working.
10. To understand brain injury as a chronic disease which affects the person throughout their lifetime
11. To consider co-morbid conditions which affect the process of aging with a brain injury
12. Discuss the life long, post-acute rehabilitation needs of individuals with traumatic brain injuries and the importance of developing long term care plans.
13. Improve quality of life for brain injury survivors and their caregivers by connecting them with community resources.
14. Create networking opportunities and build partnerships with key brain injury researchers, clinicians, and prevention professionals.

All Sessions will be recorded and available for purchase at the conference by BIAOR Recording.
